WHY SETTLE FOR LESS?

ANDROID 11, THE **SECUREST** OPTION!

Safe, better, and faster than ever, meet Android 11. For the development of this OS, security has been the main focus. Due to several small but important features and changes, Android 11 has improved privacy and the protection of user data from malicious apps and games. Did you know that Android 11 is the first Android that can be disabled through Android Safe Mode!

WHEN **SECURITY** IS YOUR ABSOLUTE **PRIORITY**

Understanding the corporate workspace, Newline has developed interactive displays that can meet the needs of an IT infrastructure that requires the highest level of security. Newline interactive ecosystem designs for work environments in the financial sector, government, and universities.

OUR **ANTIMICROBIAL** GLASS KEEPS YOU SAFE, SAFER, **SAFEST!**

In most offices, interactive displays have multiple users presenting and collaborating on the same display, causing germs to easily spread. Newline has implemented a TÜV certified antimicrobial coating on the touch surface to protect you!
